

Boogie Woogie Birdy

Ready!

My name is Magrau
And I'm 12 years old
And recently I realized
That deep down inside
I'm really
Really
A special kind of birdy

Oh what kind of a birdy are you Magrau?

Well Kellie, I came to the realization that I'm a Boogie Woogie Birdy! Hit it!

You've got a sparkle in your tricky eye
You've got to shake your tail feathers, don't be shy
When we're out together people look our way
They say the girl and the birdy really know how to play

And you're a boogie woogie birdy and you're really really feeling so fine.

A is for apple
B is for bird
C is for cat
Don't you chase that bird!

Because the bird knows how to boogie and you'd better get in line
Cause he's the boogie woogie birdy and he's really, really feeling so fine.

I was little when I met Magrau
I was really shy until he came along
He made everyone laugh and he made them sing
We'd sing the boogie woogie it became our thing

Cause he's the boogie woogie birdy and he's really, really feeling so fine.

A is for apple

B is for bird

C is for cat

Don't you chase that bird

Because the bird knows how to boogie and you'd better get in line
Cause he's the boogie woogie birdy and he's really, really feeling so fine.

So when you have something special just remember this song
Don't hide it from the world cause you can't go wrong
When you share your talents you can really fly
Just like the boogie woogie birdy and I'm telling you why

She's with the boogie woogie birdy and She's really, really feeling so fine
I'm with the boogie woogie birdy so you'd better get in line
Just watch the boogie woogie birdy and you'll really, really feel so fine
