Dodododododo

Put your hands in the air
Put your hands on your hips
Now jazz hands
Now wait a bit

Put your hands in the air
Put your hands on your hips
Now jazz hands
Now wait a bit.

Dodododododo

A funny show
A funny bird
A dancing frog
From what I've heard

How do they talk
How do they sing
It's magical

It's everything

Please hurry up
I want to see
Magrau, Kamilla
And Kellie

Let's go.....
Let's start the show.....

Let's get into the groove we've got a lot to do
Let's laugh out loud and dance together me and you
Let's get into the groove we've got a lot to see
Let's laugh out loud and dance together you and me

Put your hands in the air
Put your hands on your hips
Now jazz hands
Now wait a bit

Put your hands in the air
Put your hands on your hips
Now jazz hands
Now wait a bit.

Dodododododo

A little frog
Once took a little look
Inside her little
Colouring book

And there she saw
A purple sky
The grass was blue
She wondered why

And all the people were
Colours too
With stripes and polka-dots
Green and blue

It's true you know
A birdy told me so

Let's get into the groove we've got a lot to do
Let's laugh out loud and dance together me and you
Let's get into the groove we've got a lot to see
Let's laugh out loud and dance together you and me

If I'm shy
I'll just wait and see
I'll just move my feet
To the beat enjoy the company

If I'm shy
I'll just wait and see
I'll just move my feet
To the beat enjoy the company

Let's get into the groove we've got a lot to do
Let's laugh out loud and dance together me and you
Let's get into the groove we've got a lot to see
Let's laugh out loud and dance together you and me

Together you and me!
Together you and me!

Yeah!
