

I want to play (Woohoo Song)

I want to go play
On a sunny day
Even if it rains
It will be okay
Woohoo

So I take my dog
Skip across the lawn
To a faraway land
Where I sing this song
Woohoo

Cause everything's fine
Lose track of the time

Catch me catch me you can't catch me
I am strong and fast as lightening
I can make a castle out of sand

I can sit as quiet as a mouse
I can reach up higher than a house
If you want to play just take my hand

I want to go play
On a sunny day
Even if it rains
It will be okay
Woohoo

Come look for me
By the willow tree
We'll play hide and seek
Or you can sing to me
Woohoo

Cause everything's is fine
Lose track of the time

Catch me catch me you can't catch me
I am strong and fast as lightening
I can make a castle out of sand

I can sit as quiet as a mouse
I can reach up higher than a house
If you want to play just take my hand

If the raindrops fall
And turn my castle into MUD
I'll build a mote
So boats can float

Catch me catch me you can't catch me
I am strong and fast as lightening
I can make a castle out of sand
Woohoo

I can sit as quiet as a mouse
I can reach up higher than a house
If you want to play just take my hand
Woohoo

Catch me catch me you can't catch me
I am strong and fast as lightening
I can make a castle out of sand

I can sit as quiet as a mouse
I can reach up higher than a house
If you want to play just take my hand

And when we get tired
We'll fall into our beds
We'll tuck ourselves in tight

And dream about the day inside
Our heads....
