

## ***The Sun Will Shine***

One day Clara  
Had to go  
Her family moved  
She didn't know

Any kids  
At her new school  
She sat alone  
Not feeling cool

They don't even  
Know my name  
It's all too new  
Nothing's the same.

What am I  
Supposed to do  
It's all so strange  
And scary too

Just look up and you'll see  
A rainbow over that tree

You've got to think big! Big!  
It's not so bad  
The sun will shine  
You'll be just fine

Just never give up! Up!  
So you can find  
That things work out  
When you give it time

Malcolm had it  
Really rough

His house is gone  
And all his stuff

Story nights and  
Stormy days  
Blew down his world  
In many ways

I'm so glad we're  
Safe and sound  
Although my head  
Is spinning round

The neighbours said they'd  
Build again  
But this is new  
And I'm only 10

Just look up and you'll see  
A rainbow over that tree

You've got to think big! Big!  
It's not so bad  
The sun will shine  
You'll be just fine

Just never give up! Up!  
So you can find  
That things work out  
When you give it time

I've got to get over this  
Give it my best try  
I'll smile at all the kids at school  
I'll hold my head high

I've got to get over this

Give it my best try  
I'll smile at all the kids at school  
I'll hold my head high

You've got to think big! Big!  
It's not so bad  
The sun will shine  
You'll be just fine

Just never give up! Up!  
So you can find  
That things work out  
When you give it time

Because there's snowflakes  
A little bit of sunshine  
And making blanket tents  
And flying kites

Because there's laughing  
With an old friend  
Playing hide and seek  
With flash lights

Louder  
Because there's snowflakes  
A little bit of sunshine  
And making Blanket tents  
And Flying kites

Because there's laughing  
With an old friend  
Playing hide and seek  
With flash lights

You've got to think big! Big!

It's not so bad  
The sun will shine  
You'll be just fine

Just never give up! Up!  
So you can find  
That things work out  
When you give it time

You've got to think big! Big!  
It's not so bad  
The sun will shine  
You'll be just fine

Just never give up! Up!  
So you can find  
That things work out  
When you give it time  
Give it time  
Give it time. Big!
